DR. PAUL GERHARDT | LEADERSHIP DEVELOPMENT

Practical Skills for Everyday Leadership

Workshops that turn leadership ideas into action

Designed for managers, supervisors, HR teams and leadership groups, these programs connect research, discussion and practical exercises to real workplace challenges.

THE BETTER WORKPLACE

Build trust, engagement and accountability

Practice a constructive accountability conversation and identify behaviors that strengthen trust. Takeaway: a team agreement and seven-day leadership action plan.

THE EVERYDAY MANAGER

Practical leadership for supervisors and managers

Practice clearer delegation, useful feedback and coaching questions. Takeaway: a delegation checklist and a conversation plan for a real management challenge.

LEADING THROUGH CHANGE

Communication, resistance and organizational results

Map stakeholder concerns, prepare a clear change message and agree on next steps. Takeaway: a communication map and a 30-day follow-through plan.

Choose a format

Available as a 60-minute keynote or a half-day workshop. Audience and scope are agreed in advance; fees are quoted for each engagement.

Let’s discuss your team and goals

Share your audience, goals, timing and preferred format to start a conversation.
